Professional Summary

Third-year Computer Science Engineering student with a strong interest in Full Stack Development. Familiar with Java, HTML, and basic Spring Boot concepts. Have experience building simple web applications, working with databases like MySQL, and implementing basic REST APIs for client-server communication. Eager to learn new technologies and apply development skills to real-world projects.

Technical Skills

Languages: Java, JavaScript, SQL
Frontend: HTML, CSS, JavaScript
Backend: Spring Boot
Databases: MySQL
Tools: Git, GitHub, VS Code

Projects

Campus Connect — Full Stack Web Application (GitHub)

- Designed and developed a full-stack college marketplace enabling students to buy and sell academic items locally.
- Built RESTful backend APIs using Spring Boot for user authentication, product listings, cart management, and order processing.
- Developed responsive frontend using HTML, CSS, and JavaScript integrated with backend APIs.
- Designed and normalized MySQL database schema for users, products, carts, and orders.
- Implemented Controller–Service–Repository layered architecture for clean, scalable, and maintainable code.
- Tested end-to-end workflows locally to ensure secure and reliable application functionality.

Job Portal — Web Application (GitHub)

- Developed a web-based Job Portal for users to view and apply for jobs.
- Built basic backend APIs using Spring Boot for job listings and user interactions.
- Created frontend using HTML, CSS, and JavaScript and integrated it with backend APIs.
- Used MySQL database to store job and user-related data.
- Performed CRUD operations for managing job postings and applications.
- Tested core functionalities locally to ensure proper working of the application.

Education

LNCT University

B.Tech in Computer Science Engineering — CGPA: 8.16/10

Bhopal, MP

2023 – 2027

Class XII (CBSE)

Percentage: 85.4%

2022

Class X (JAC)

Percentage: 80.2%

2020

Achievements

IIT Bombay Eureka!

Oct 2024 – Feb 2025

Finalist

- Selected among top teams in Asia's largest business model competition.
- Gained exposure to startup problem-solving, product thinking, and pitching.
